

FIFRA 24(c) REGISTRATION  
EPA SLN No. AZ-120004

FOR DISTRIBUTION AND USE ONLY WITHIN THE STATE OF ARIZONA

This label is valid until December 31, 2027, or until otherwise amended, withdrawn or canceled.

*Gowan has not fully tested this higher rate on all lettuce varieties, the end users assumes all responsibility for applications above 6 quarts per acre and should only use the higher rate when the risk from not controlling the weeds is greater than any potential crop injury.*

# Prefar™ 4-E

Selective Herbicide

EPA Reg. No. 10163-200

<b>ACTIVE INGREDIENT:</b> Bensulide	<b>% By Wt.</b>
S-(O,O-diisopropyl phosphorodithioate) ester of N-(2-mercaptoethyl) benzenesulfonamide.....	46.0%
<b>OTHER INGREDIENTS</b> .....	<b>54.0%</b>
	<b>TOTAL 100.0%</b>

## KEEP OUT OF REACH OF CHILDREN CAUTION

For improved grass control and suppression of certain broadleaf weeds on Lettuce.

### DIRECTIONS FOR USE

- It is a violation of Federal law to use this product in a manner inconsistent with its labeling.
- All applicable directions, restrictions, and precautions on the EPA-registered label are to be followed.
- This label and the EPA registered label must be in the possession of the user at the time of mixing and application.
- This is a long-residual organophosphate pesticide with chronic hazards to bird reproduction. Great care must be taken to strictly follow label directions. This product can be harmful to birds at any time. Avoid use during avian breeding seasons or conditions where waterfowl or other birds are attracted to treated areas or tailwater.

### WEEDS CONTROLLED/SUPPRESSED

*Broadleaf Weeds:* Lambsquarters, Purslane, Redroot Pigweed, Nettleleaf Goosefoot

*Grasses:* Crabgrass, Fall Panicum, Foxtail, Goosegrass, Jungle Rice, Sprangletop, Watergrass, Barnyardgrass

CROP	BROADCAST RATE Quarts/Acre	COMMENTS
LETTUCE, Head or Leaf	5-9	Apply preplant or preemergence. Follow application instructions given on the Section 3 label. Do not use Prefar 4-E on spinach or Swiss Chard as severe phytotoxicity will occur. When using more than 6 quarts, under certain environmental conditions (heat, cold, plant stress) crop injury can occur.

### RESTRICTIONS

Do not enter treated fields without the EPA registered label prescribed personal protective equipment for 12 hours after application.
